Regence Evolve CoreSM Highlights

Evolve Core's features:

- **Provider choice:** Members have direct access to their choice of providers. Coinsurance levels are lower for Category 1 services; coinsurance levels are higher for Category 2 and 3 services; members may be responsible for provider costs above the Category 3 allowed amount.
- **Upfront benefits:** The first four office visits and the first \$200 of outpatient radiology and laboratory services per calendar year are not subject to the deductible (Category 1, 2 and 3).
- **Additional benefits:** Subsequent office visits, outpatient radiology and laboratory beyond the first \$200 per calendar year, and all other professional services are subject to the deductible and coinsurance levels as specified below.
- **Preventive care:** Preventive care is included in the plan with no separate limits and not subject to the deductible. That's immediate access to commonly-needed care, including annual exams, well-child exams, mammograms, and prostate screenings, billed as preventive by your provider.
- This plan offers optional dental packages. For details see the Optional Benefits Available section.
